PROFESSIONAL SUMMARY

Motivated **Bachelor of Business Information Technology (BBIT)** student at **JKUAT** with strong skills in backend development, cybersecurity fundamentals, and system automation. Experienced in **Python, Java, JavaScript, and database systems**, with hands-on experience building **full-stack applications and REST APIs**. Passionate about **data centre technologies, infrastructure security, and scalable backend systems**, and eager to apply technical skills in a professional IT environment.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, TypeScript, C, C++, SQL, HTML, CSS

Frameworks: Spring Boot, Node.js, Express.js, REST APIs

Databases: MySQL, MongoDB

Systems & Security: Linux, Network Security, SIEM Concepts

Tools: Git, GitHub, VS Code, Firebase

Web Development: Responsive Frontend & Backend Development

EDUCATION

Bachelor of Business Information Technology (BBIT)

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

Sept 2023 – Present

Relevant Areas: Networking • Web Development • Backend Systems • Cybersecurity

KCSE — Homabay Boys High School

Jan 2019 – Dec 2022 | Grade: **B**

PROJECTS

Digital Farm Management System

Full-stack platform for managing farm animals digitally.

Technologies: Node.js, Express.js, MySQL, MongoDB

- Built backend APIs and database architecture

- Developed responsive web interfaces

Healthcare Voice Translation Prototype

Prototype system using voice recognition and translation to improve communication between healthcare providers and patients.

EXPERIENCE

Freelance Backend & Web Developer

2023 – Present

- Developed responsive websites and web applications
- Built REST APIs using **Node.js and Spring Boot**
- Integrated **MySQL and MongoDB** databases
- Used **Git & GitHub** for version control and collaboration

CERTIFICATIONS

- **Google Cybersecurity Professional Certificate — Coursera (2025)**
- **Software Development Program — Power Learn Project**
- **AI for Business Professionals — HP LIFE**
- **Bitcoin Lightning Network Developer Bootcamp — Nairobi**

ACHIEVEMENTS
